

Benton Electric System Rate Adjustment

Effective October 1, 2023, in conjunction with TVA, Benton Electric System rates will increase. There will be a 4.5% increase from TVA and a Benton Electric System increase of 4.5%. The last Benton Electric System rate adjustment was in October 2019. This increase is necessary to help offset our rising costs of service (insurance, substation equipment, line equipment). The Electric Plant Boards for both TVA and BES continue to make system wide improvements and invest in the future of our community. The financials from our previous year can be viewed online at kydlgweb.ky.gov or at our office at 436 Mayfield Hwy, Benton KY, during normal business hours Monday-Friday, 8:00am-4:30pm. Please call 270-527-3666 to schedule an appointment.
